

Kraftworks Play Studio – In-App Purchase Terms

Effective Date: September 10, 2026

These In-App Purchase Terms govern the purchase of paid products within the Kraftworks Play Studio application (“Kraftworks Play Studio,” “the App,” “the service”) provided by Keystone Masterworks, LLC (“we,” “us,” or “our”). These In-App Purchase Terms supplement and are incorporated into the Kraftworks Play Studio Terms and Conditions. By making an in-app purchase, you agree to these Terms. Where these terms conflict with the general Terms and Conditions on purchase matters, these In-App Purchase Terms control.

1. PRODUCT TIERS

Kraftworks Play Studio offers a free tier with advertisements and optional paid upgrades. All paid products are one-time, non-consumable permanent entitlements. Paid features and pricing may change as described in Section 5.

Tier	Suggested Price	Includes
Free	No charge	Access to all core games with advertisements. No payment method required.
Ad-Free	\$3.99 (one-time)	Removes all banner, interstitial, and rewarded advertisements from the App.
PlayStudio Premium	\$12.99 launch / \$15.99 regular (one-time)	Unlocks all premium games, advanced features, premium themes, and removes all ads.

Final pricing and included features are presented at the point of purchase within the App and the applicable app store. The descriptions above are summaries and do not override the product details shown at checkout.

2. PURCHASE AND PAYMENT

All in-app purchases are processed through the applicable app store. By making a purchase, you authorize the app store to charge your selected payment method for the applicable product price, plus any applicable taxes. Kraftworks Play Studio does not store full payment card numbers on its own infrastructure; payment data is handled entirely by the app store.

3. PERMANENT ENTITLEMENTS

All paid products are non-consumable permanent entitlements. Once purchased, the entitlement remains available for as long as Kraftworks Play Studio is commercially offered. Entitlements are tied to your app store account and can be restored on a new device or after reinstalling the App by using the “Restore Purchases” function within the App or through your app store account.

If any paid product is described as “permanent,” “lifetime,” or “one-time,” this means it will remain available until we cease to commercially offer it. We may modify or discontinue any feature without compensation or substitute service.

4. LAUNCH PRICING

PlayStudio Premium may be offered at a limited-time launch price. When the launch pricing period ends, the regular price will apply to new purchasers. Users who purchased at the launch price retain their entitlement at the price they paid.

5. PRICE CHANGES

We may change product prices. Price changes apply only to future purchases and do not affect existing entitlements. If features are removed from a paid tier after purchase, we do not provide partial refunds or credits unless required by applicable law.

6. REFUNDS

Except where required by applicable law, purchases are non-refundable. Refund requests must be directed to the app store through which the purchase was made.

We may share your purchase status and entitlement data with the app store solely to facilitate refund processing.

EU Users: Right of Withdrawal

If you are an EU resident, you have the right to withdraw from a digital content purchase within 14 days of the agreement date without charge and without giving any reason. This right does not apply once digital content delivery has begun with your prior express consent and acknowledgment that you thereby lose your withdrawal right. BY COMPLETING A PURCHASE, YOU EXPRESSLY CONSENT TO IMMEDIATE DELIVERY OF DIGITAL CONTENT AND ACKNOWLEDGE THAT YOU LOSE YOUR RIGHT OF WITHDRAWAL ONCE DELIVERY BEGINS.

7. TAXES

Product prices may be exclusive of applicable taxes. Where required, sales, use, value-added, or similar taxes are determined and collected by the applicable app store and are not collected or retained by Kraftworks Play Studio.

8. CHANGES TO THESE PURCHASE TERMS

We may update these In-App Purchase Terms from time to time. When we make material changes, we will update the effective date above and, where appropriate, provide notice within the App or the applicable app store listing. Continued use of the service after changes take effect constitutes acceptance of the revised In-App Purchase Terms.
